

KYLOE

RESTAURANT & GRILL

The name Kyloe, an old Scots word for Highland beef cattle, was chosen for the restaurant as it represents the strength and versatility of Scottish beef produce.

Established in November 2011, Kyloe Restaurant & Grill has become a firm favourite amongst locals and visitors alike.

Our unique and interesting wine list has been sourced through various wine merchants, with some of our wines having a strong Scottish influence.

There is an obvious focus on Argentina, specifically the Malbec grape, as the approachable tannins work perfectly with the slight saltiness and char of our Scottish beef – some might say a match made in heaven.

We have introduced the Coravin system, allowing you the opportunity to try higher end wines by the glass – and there is also a nod to some obscure countries, including the first country in the world to produce wine, Georgia.

We trust you will enjoy the Kyloe experience and look forward to receiving your feedback.
